Currently in my second year of Game Design, my background in high-end hospitality has taught me one essential lesson: it's not just about what you provide, but how it makes people feel. Today, I channel that same sensitivity into game design, UI/UX design .

SKILLS

- Unity 3D/C# – Gameplay programming, level design, and technical implementation
- Figma – UI/UX design and player-centered interface prototyping
- Adobe Photoshop /Adobe Premiere Pro
- Microsoft Excel – Data organization and project management tracking
- HTML/CSS/JavaScript – Basic web integration and interface styling

WORK EXPERIENCE

- Head Waitress/Sommelier From July 2022 to August 2024 (2 years+)
- OUI MON GENERAL Paris 75007
- Handled international customer relations and coordinated floor staff.
 - Managed inventory and stock levels while maintaining high operational versatility.
- Apprentice Pastry Chef From July 2018 to August 2021 (3 years+)
- LA GOUTTE D'OR & AUX PECHEs NORMAND Paris
- Developed creative and bold pastry products.
 - Managed stock, customer orders, and supplier relations in a team of 50 employees.
